MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of Education is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, KPMG LLP Chartered Accountants, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements as required by the *School Act*. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

DECLARATION AND SIGNATURES

SCHOOL DISTRICT MANAGEMENT'S RESPONSIBILITY FOR FINANCIAL REPORTING

The financial statements and supporting schedules of The Board of Education of School District No. 27 (Cariboo-Chilcotin) ("the Board") have been prepared by school district management which has responsibility for their preparation, integrity and objectivity. The financial statements and schedules, including notes, have been prepared in accordance with Canadian generally accepted accounting principles for not-for-profit organizations.

In fulfilling its reporting responsibilities, management has maintained internal control systems and procedures designed to provide reasonable assurance that the school district's assets are safeguarded, that transactions are executed in accordance with appropriate authorization and that the accounting records may be relied upon to properly reflect the school district's transactions. The effectiveness of the control systems is supported by the selection and training of qualified personnel, an organizational structure that provides an appropriate division of responsibility and a strong budgetary system of control.

The Board's Responsibility

The ultimate responsibility for the financial statements lies with the Board. The Board has reviewed and approved the financial statements.

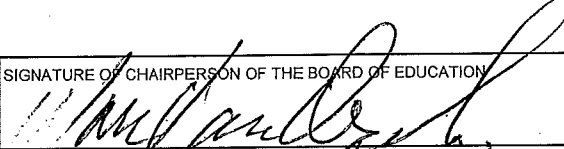

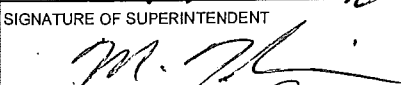

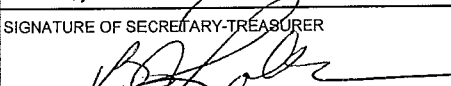

External Auditors

The Board appoints external auditors to audit the financial statements. The external auditors have full and free access to school district records, and present their report to the Board.

Declaration of Management and Board Chairperson

To the best of our knowledge and belief, these financial statements and supporting schedules reflect, in all material respects, the financial position, revenue and expense, changes in fund balances, and cash flows for the year in accordance with Canadian generally accepted accounting principles for not-for-profit organizations.

We, the undersigned, certify that the attached is a correct and true copy of the Audited Financial Statements of School District No. 27 (Cariboo-Chilcotin) for the year ended June 30, 2012.

INDEPENDENT AUDITORS' REPORT

To the Board of Education and
To the Minister of Education, Province of British Columbia

We have audited the accompanying financial statements of School District No. 27 (Cariboo - Chilcotin), which comprise the statement of financial position as at June 30, 2012, the statements of revenue and expense, changes in fund balances and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform an audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of School District No. 27 (Cariboo - Chilcotin) as at June 30, 2012, and its results of operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

Other matter

Our audit was conducted for the purpose of forming an opinion on the financial statements taken as a whole. The supplementary information included in Schedules A1 through C5 is presented for purposes of additional analysis and is not a required part of the financial statements. Such supplementary information has been subjected to the auditing procedures applied in the audit of the financial statements and, in our opinion, is fairly stated in all material respects in relation to the financial statements taken as a whole.

SCHOOL DISTRICT #27 (CARIBOO-CHILCOTIN)

Notes to Financial Statements

Year ended June 30, 2012

1. Authority:

The School District operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 27 (Cariboo-Chilcotin)", and operates as "School District No. 27" (the School District). A board of education (Board) elected for a three-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education.

2. Summary of significant accounting policies and reporting practices:

These financial statements were prepared in accordance with Canadian Generally Accepted Accounting Principles (GAAP) for not-for-profit organizations. These principles are consistent with those used in prior years.

The deferral method of accounting for contributions, which includes government grants, is used. Results are reported in the operating fund, special purpose fund and capital fund. Revenues and expenses are recorded on a gross and accrual basis.

The Statement of Revenue and Expense (Statement 2), Statement of Changes in Fund Balances (Statement 3) and the Statement of Cash Flows (Statement 4) present the annual results of each fund, the change in fund balances and the cash flows for the year. The Statement of Financial Position (Statement 1) presents the assets, liabilities and fund balances as at June 30th. Inter-fund transfers and loans are recognized in each fund and eliminated in the consolidated totals.

(a) Fund accounting:

Fund accounting procedures recognize external restrictions on the use of resources by governments or other granting agencies, and appropriations or other internal restrictions by the Board. While separate accounts are maintained for each fund, for financial reporting purposes, funds with similar characteristics are grouped together:

- Operating fund reports assets, liabilities, revenues and expenses for general operations.
- Special purpose fund reports assets, liabilities, revenues and expenses for:
 - Contributions restricted in use by the *School Act* or Ministry of Education.
 - Contributions restricted in use by other external bodies.
 - Endowment funds
 - Funds collected and used at the school level (i.e. school-generated funds).
- Capital fund reports assets, liabilities, revenues and expenses for capital. Contributions of other funds used for capital purposes are transferred to the capital fund.

2. Summary of significant accounting policies and reporting practices (continued):

(b) Cash and cash equivalents:

Cash and cash equivalents include cash and highly liquid securities with original terms to maturity of three months or less when purchased.

(c) Short term investments:

Short term investments include securities with original terms to maturity of greater than three months and less than one year.

(d) Accounts receivable:

Accounts receivable are shown net of allowance for doubtful accounts (see note 3).

(e) Inventories

Inventories include paper product inventory for resale to sites. Basis for measurement is the actual costs to purchase. Overhead and storage costs are not included.

(f) Prepaid expenses:

Prepaid expenses represent amounts paid for services which will be rendered in the next fiscal year. These include prepaid insurance, copier equipment leases, and rents.

(g) Capital assets:

The following criteria apply:

- Capital assets acquired or constructed are recorded at cost. Donated capital assets are recorded at their fair market value on the date of donation.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Sites and buildings that no longer contribute to the ability of the School District to provide services are written-down to residual value.
- Buildings that are demolished or destroyed are written-off.
- Amortization is recorded on a straight-line basis over the estimated useful life of the asset. Estimated useful life is as follows:

○ Buildings	40 years
○ Furniture and equipment	10 years
○ Vehicles	10 years
○ Computer hardware and software	5 years

2. Summary of significant accounting policies and reporting practices (continued):

(h) Capital leases:

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of property to the Board are considered capital leases. These are accounted for as an asset and an obligation.

(i) Revenue recognition:

Unrestricted operating government grants, are recognized as revenue when received. Such grants, if contributed for a future period, are deferred and reported as deferred contributions until that future period. Other unrestricted revenue, including tuition fees and sales of services/products are reported as revenue when services are provided or products delivered.

Externally restricted contributions, grants, and donations are reported as revenue depending on the nature of restrictions imposed on the use of the funds by the contributors:

- Non-capital contributions for specific purposes are recorded as deferred contributions and recognized as revenue in the year related expenses are incurred.
- Contributions restricted for capital purposes are recorded as deferred contributions until the amount is invested in capital assets.
 - If the capital asset is a site, the amount invested is recorded as a direct increase to net assets invested in capital assets.
 - If the capital asset is not a site, the amount invested is recorded as a deferred capital contribution and amortized over the useful life of the asset. Amortization commences in the year following acquisition.
 - Donated capital assets are recorded at fair market value and treated as a deferred capital contribution.
- Endowment contributions are reported as direct increases to net assets held as endowment principal.
- Investment income earned on endowment principal is recognized as a direct increase to net assets (endowment) to the extent required or agreed by donors. The remaining investment income earned on endowment principal is recorded as a deferred contribution and recognized as revenue in the year related expenses are incurred.

(j) Expenditures:

Categories of salaries:

- Principals, Vice Principals, and Directors of Instruction employed under an administrative officer contract are categorized as Principals and Vice Principals.

2. Summary of significant accounting policies and reporting practices (continued):

(j) Expenditures continued:

- Superintendents, Assistant Superintendents, Secretary Treasurers, Trustees and other employees excluded from union contract are categorized as Other Professionals.

Allocation of costs:

- Operating expenditures are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs such as special and aboriginal education are allocated to these programs. All other costs are allocated to regular programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.
- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual identification of program.

(k) Financial instruments:

Financial instruments consist of cash and cash equivalents; investments and short term investments; accounts receivable and accounts payable; other current liabilities and accrued liabilities. Unless otherwise noted, it is management's opinion that the School District is not exposed to significant interest, currency or credit risks arising from these financial instruments. The fair values of these financial instruments approximate their carrying values, unless otherwise noted.

All of the School District's investments held on July 1, 2007 or acquired subsequently are designated as held for trading investments. Held for trading investments are recorded at fair value and any changes in fair value are recognized as investment income in the statement of revenue and expense.

(l) Use of estimates:

Preparation of financial statements in accordance with GAAP requires management to make estimates and assumptions that impact reported amounts for assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates. These estimates are reviewed periodically, and as adjustments become necessary, they are reported in the statement of revenue and expenses in the year in which they become known or are revised.

2. Summary of significant accounting policies and reporting practices (continued):

(m) Employee future benefits:

The School District provides certain post-employment benefits including accumulated sick and vacation pay, retirement allowance, and life insurance for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs under employee future benefit plans. The future benefits cost is actuarially determined using the projected unit credit method pro-rata on service and using management's best estimate of expected salary escalation, termination and retirement rates and mortality. The discount rate used to measure obligations is based on market rates at the measurement date.

The excess of cumulative unrecognized actuarial gains (losses) over 10 percent of the accrued benefit obligation is amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan. The EARSL for employees of the School District is 8.5 years.

The most recent valuation of the obligation was performed at March 31, 2010 and projected to June 30, 2014. The next valuation will be performed at March 31, 2013 for use at June 30, 2013. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

(n) Future change in accounting framework:

Under the revised Public Sector Accounting Board (PSAB) framework, beginning with the 2012/13 fiscal year, school districts will be required to follow Public Sector Accounting (PSA) standards with or without the not-for-profit organization standards (i.e. PS 4200 series). In September 2010, the Province of British Columbia Treasury Board directed through Government Organization Accounting Standards Regulation 257/2010 requiring all school districts adopt PSA standards without the PS 4200 series from their first fiscal year commencing after January 1, 2012.

The first fiscal year of full implementation without the PS 4200 series will be the year ended June 30, 2013. The adoption of PSA standards is to be accounted for by retroactive application with restatement of prior periods unless an exemption is permitted. Comparative figures at June 30, 2012 and July 1, 2011 will be restated. The financial statements will also include the presentation of budget figures prepared in accordance with PSA standards for the year ended June 30, 2013.

While the School District, in consultation with the Office of the Comptroller General and the Ministry of Education, has begun assessing the impact of the change in accounting framework on its financial statements, the financial impact cannot be reasonably estimated at this time. Implementing PSA standards will also have an impact on accounting financial reporting and supporting information technology systems and processes.

10. Accrued employee future benefits:

The accrued benefit obligation for employee future benefits is not funded, as funding is provided when the benefits are paid. Accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

The period of amortization is equal to the expected average remaining service lifetime (EARSL) of active employees.

11. Employee pension plans:

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan, jointly trustee pension plans. The boards of trustees for these plans represent plan members and employers and are responsible for the management of the pension plan including investment of the assets and administration of benefits. The pension plans are multi-employer contributory pension plans. Basic pension benefits provided are defined. The Teachers' Pension Plan has about 46,000 active members from school districts, and approximately 30,000 retired members from school districts. The Municipal Plan has about 173,000 active members, of which approximately 23,000 are from school districts.

The most recent valuation of the Teachers' Plan as at December 31, 2008 indicated a \$291 million deficit for basic pension benefits. The next valuation was at December 31, 2011 with results available in late 2012. The most recent valuation for the Municipal Pension Plan as at December 31, 2009 indicated a \$1,024 million deficit for basic pension benefits. The next valuation will be as at December 31, 2012 with results available in 2013. Defined contribution plan accounting is applied to the plan as the plan exposes the participating entities to actuarial risks associated with the current and former employees of other entities, with the result that there is no consistent and reliable basis for allocating the obligation, plan assets and cost to individual entities participating in the plan. The School District paid \$4,580,762 (2011 - \$4,588,445) for employer contributions to these plans in the year ended June 30, 2012.

Endowment funds are invested in long term bonds (see note 4) and the change in fund balances is due to the current year amortization of bond premiums only. Earnings consist of interest received on the bonds and the amount available for disbursement is a cumulative total of current and prior years earnings not yet disbursed, as students do not always enter school in the year following graduation.

14. Interfund transfers:

Interfund transfers between the operating, special purpose and capital funds are reported on the Statement of Changes in Fund Balances (Statement 3). For the year ended June 30, 2012 the transfers are as follows:

- A transfer in the amount of \$0 was made from Special Purpose Funds to the Capital Fund for the purchase of capital assets (2011- \$19,479).
- A transfer in the amount of \$372,353 was made from the Operating Fund to the Capital Fund for the purchase of capital assets (2011 - \$101,309).
- A transfer in the amount of \$40,159 was made from the Operating Fund to Local Capital in the Capital Fund for the purchase of capital assets (2011 - \$77,485).
- A transfer in the amount of \$906,806 was made from Special Purpose Funds to the Capital Fund for the construction of capital assets, currently included in work in process (2011 - \$1,480,747).
- A transfer in the amount of \$244,204 was made from the Operating Fund to the Capital Fund for principal repayments on capital lease obligations paid during the year (2011 - \$218,184).

15. Related party transactions:

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are generally considered to be in the normal course of operations and are recorded at the exchange amount.

16. Contingencies:

From time to time the School District is brought forth as defendant in various lawsuits. The School District reviews its exposure to any potential litigation for which it would not be covered by insurance and assesses whether a successful claim against the School District would materially affect the financial statements of the School District. The School District is not currently aware of any claims brought against it that if not defended successfully would result in a material change in the financial statements.

SCHOOL DISTRICT #27 (CARIBOO-CHILCOTIN)

Notes to Financial Statements

Year ended June 30, 2012

17. Asset retirement obligation:

In accordance with GAAP, the School District recognizes asset retirement obligations where a reasonable estimate of the fair value of the obligation and the future settlement date of the retirement of the asset can be determined. The School District has identified potential asset retirement obligations relating to facilities that the School District may incur upon major upgrades or demolition in the future. This potential obligation exists for removal and disposal of environmentally hazardous building materials in some of the School District facilities. At this time, the School District has not recognized these asset retirement obligations, as there is an indeterminate settlement date of any potential future demolition or renovation of the facilities and therefore the fair value cannot be reasonably estimated as at June 30, 2012.

18. Economic dependence:

Operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared in accordance with GAAP for not-for-profit organizations. This contemplates continuation of the School District as a "going concern".

19. Comparative Figures:

Certain of the prior year's figures have been reclassified to conform to the current year's presentation.

20. Capital disclosures:

The School District defines its capital to be its fund balances: operating, special purpose and capital. The internally restricted fund balances consist of amounts for future commitments (see note 12). The School District's objective when managing capital is to safeguard its ability to continue as a going concern so it can continue to provide services to its students. Under the *School Act* the School District is not permitted to incur deficits without the approval of the Minister of Education. Annual budgets are developed and monitored to ensure the School District's capital is maintained at an appropriate level.

21. Risk Management:

Risk Management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.

The Board of Education of School District No. 27 (Cariboo-Chilcotin)

Fiscal Year Ended June 30, 2012

RECONCILIATION OF AUDITED FINANCIAL STATEMENTS TO THE SCHEDULE OF PAYMENTS MADE FOR THE PROVISION OF GOODS AND SERVICES.

Consolidated total of payments made for the provision of goods and services		\$22,646,704
Operating Fund Expenditures (From Statement 2 – Audited Financial Statements)		
Total Employee Benefits and Allowances	\$8,712,728	
Total Services and Supplies	<u>\$6,737,406</u>	\$15,450,134
Trust Fund Expenditures (From Schedule B1 – Audited Financial Statements)		
Total Employee Benefits and Allowances	\$ 197,926	
Total Services and Supplies	<u>\$1,877,846</u>	\$ 2,078,772
Capital Fund Expenditures (From Schedule C1 – Audited Financial Statements)		
Total Additions to Fixed Assets		<u>\$ 4,259,885</u>
Consolidated total of goods and services reported on the Financial Statements		<u><u>\$21,788,791</u></u>

The difference between the consolidated total of payments made for the provision of goods and services and the amounts reported on the Financial Statements are due to:

Adjustments to account for the difference between payments made on a cash basis, and the audited financial statements reporting expenditures on an accrual basis of accounting. This would include adjustments for opening and closing balances of inventories, prepaid expenses, and accrued liabilities.

List of payments to the suppliers include 100% HST while the expenditures in the financial statements are net of the applicable HST rebate.

Payments to suppliers would include employee payroll deductions made on behalf of employees but are not reported as goods or services.

Payments to some suppliers are reported directly to the Balance Sheet and therefore are not reported as expenditures.

Payments to third parties, on behalf of PACs, are included in the suppliers list, but are excluded from the Financial Statements.

Payments made to suppliers directly by schools are included as expenditures on Schedule B1 but are not included in the goods and services details.

Additions to Fixed Assets include capitalized leased equipment, vehicles, minor renovations which are not reported as expenditures. This also includes completion of WIP, which involves expenditures from prior years.
