

School District No. 27 (Cariboo-Chilcotin)

**ACCESS TO SCHOOLS:
COMMERCIAL OR OTHER AGENCIES**

Policy No. 1324

Effective: November 2017

Initial Adoption: August 1984

Preamble

Frequent requests are made by commercial or other agencies for access to schools to promote their interests. Some of these requests have educational value while some attempt only to exploit a captive audience.

Policy

The Board authorizes the Superintendent of Schools to determine which requests from commercial or other agencies for the distribution of materials or collection of monies shall be granted. Normally only such requests which, in the opinion of the Superintendent or designate, have educational value will be granted.
