

School District No. 27 (Cariboo-Chilcotin)

SAFETY COMMITTEE

Policy No. 4241.13

Effective: May 1995

Initial Adoption: October 1998

Preamble

The Board is committed to promote safe and healthy working conditions within School District No. 27.

The Board believes that all reasonable measures must be taken to prevent accident and injuries in the workplace and that an effective occupational safety and health program will establish procedures to achieve that objective.

Ultimately, the implementation and execution of this program is the responsibility of the Board. However, it must also be recognized that not only the Board but also the supervisors, workers and subcontractors all have a responsibility to contribute to and cooperate in attaining an accident free workplace.

Policy

The Board will implement and maintain an occupational safety and health program for all employees of School District No. 27 (Cariboo-Chilcotin).
