

School District No. 27 (Cariboo-Chilcotin)

CONSTRUCTION ON SCHOOL GROUNDS

Policy No. 7451

Effective: February 2006

Initial Adoption: March 1973

Preamble

Community groups are often involved in providing playground facilities such as skating rinks, adventure playgrounds, or other types of construction. The Board encourages such participation by community groups, but it also recognizes that, any such construction must comply with Board safety standards, and must fit into the overall plans for site development.

Policy

Any construction on school grounds must have the prior approval of the secretary treasurer. The maintenance department shall be responsible for ensuring that Board safety standards are met.
