Policy 620 – Internet Access and E-Mail Usage

The Board of Education of School District No. 27 (Cariboo-Chilcotin) recognizes the importance of internet and e-mail usage as critical to the efficient operation of the District. The Board also recognizes that providing internet and email access to its employees and students is important for the professional and educational benefit of the staff and students of School District No. 27. The Superintendent of Schools shall establish processes for acceptable use of internet and e-mail usage for employees and students of the District.
