---

### **BACKGROUND:**

Each year, the Ministry of Education and Childcare puts on a Mental Health in Schools Conference. We have had several educators attend in the past. This year, we had a team of five educators from SD 27 attend the two-day conference held in Vancouver on May 5 & 6, 2025. Director of Instruction, Wendell Hiltz, District Principal, Kris Beaulne and school-based principals – Kelly Glen, Holly Zurak, and Doug Brown

### **INFORMATION:**

The conference included guest speakers on various aspects of Mental Health as well as presentations from students of four different school districts. These students shared their initiatives in their schools and districts to support mental health among students.

We will be having the attendees make a presentation on their learnings and key takeaways to the Board of Education at a later date.

**RE:** Item: 5 - 1701 Service Identification forms

---

### **BACKGROUND**

The Ministry of Education and Child Care provides enhanced funding to school age students who self-identify as being of Indigenous ancestry for culturally-appropriate educational programs and services to support the success of school age Indigenous students. (Service Identification)

Indigenous Education Targeted Funding (IETF) is provided to boards of education as a targeted spending portion of the operating funds to support school-age students who self-identify as being of Indigenous ancestry participating in Indigenous education programs and services. These funds are to be spent on the provision of enhanced Indigenous education programs and services that are in addition to any other programs and services to which the student is eligible. The amount is in addition to the basic per-pupil allocation.

### **INFORMATION**

It is the purpose of the presentation to explain the process and highlight some changes we are making.
