

# Where are they NOW?

**Kasey Stirling**  
First Nations Role Model  
2012

Once our Role  
Model...always  
our Role  
Model.

Watch for  
future updates  
on the Role  
Models and  
where they are  
now!

#### NOTE:

For further information on our Role Models, please go to SD27 Website, under the PROGRAMS tab up top. Click on First Nations Educ. All the role model posters can be found there!

### Introducing Kasey Stirling First Nations Role Model 2012

“Kasey Stirling is currently in her last year of a Bachelor of Science majoring in Molecular Biology and Biochemistry (MBB) at Simon Fraser University in Burnaby. She has served on the SFU First Nations Student Association council as a student representative. In 2017, she received her Chartered Herbalist Diploma from Dominion Herbal College in Victoria. Kasey has also worked since 2014 as an SFU research assistant in Dr. Nancy Hawkins’ *C. elegans* lab, working on genetics research. She plans to apply for graduate school very soon to begin working in the field of salmon genetics. She wishes to bridge the gap between salmon researchers and Indigenous communities while developing new protocols for research by Indigenous people, for Indigenous people.”

kʷukʷscémxʷ; wela'lin (thank you),

Kasey Stirling  
SFU MBB Undergraduate

*I acknowledge that Simon Fraser University's campuses reside on the unceded, traditional, and occupied territories of the Coast Salish peoples. These include the territories of the xʷməθkʷəy̍əm (Musqueam), Skwxwú7mesh (Squamish), Səl̓ilwətaʔ (Selilwitulh (Tsleil-Waututh), Katsie, and Kwikwetlem Nations. I am a grateful uninvited guest upon these territories. I am Nlaka'pamux, Mi'kmaq, Métis, and Acadienne.*
