Success along the path to graduation is reflected in steady student progress in mastering the outcomes of the curriculum, student engagement in experiences that develop personal and social competencies, and student confidence that their learning environments are inclusive, safe, and caring.”—Cheryl Lenardon

School District No. 6 Superintendent Paul Carrier called Ms. Lenardon “Well read, researched and knowledgeable with a student focused approach to learning and achievement.”

The District looks forward to welcoming Ms. Lenardon to her new position in August 2020.
