

MEDIA RELEASE: APRIL 14, 2020

Mr. Sean Cameron has accepted the position of Director of Instruction – Learning and Innovation.

Mr. Cameron is an experienced school district leader currently serving as District Principal - Information Services and Technology for School District No. 6 – Rocky Mountain. Prior to this, he worked with the Ministry of Education in two roles; District Liaison for Analytics and Integrated Services and District Liaison for the Knowledge Mobilization Project. Mr. Cameron has also held the position of Principal – Rocky Mountain Distributed Learning and held Principal and Vice-Principal positions in School District No. 59 “As a district leader in both SD No. 59 and SD No. 6.

“I have been a lead in the areas of accountability, school and district planning, and enhancing student learning through evidence-based practices. In these roles, I also worked directly with school administration providing supervision, support, and mentorship.” –Sean Cameron.

The Ministry of Education’s Gerald Morton said Mr. Cameron’s “...focus is on improving learning for kids. Guaranteed your district will see an improvement in the learning outcomes for kids in 3 years because of him. His ability to gather, organize, analyze, report and work with staff on data in a way that improves things for kids is second to none in the province.”

An experienced school district leader. Mr. Cameron demonstrates proven success in leading change and improving student success through collaboration, innovation, and evidence-based practices. He has successfully transformed cultures at both the school and district level and led provincial initiatives throughout the B.C. education system. The District looks forward to welcoming Mr. Cameron to his new position in August 2020.
