JUNE 24 , 2020

We would like to take this opportunity to thank families for being patient as we have navigated through the uncertainties, challenges and changes that we have been presented with during the COVID-19 pandemic. As we look toward the new school year, we are uncertain as to what exactly the return to school will look like in September. Hopefully, it will be back to (near) normal, but we will not know this until later in the summer. Regardless of what back to school looks like, be assured that we will be following provincial and district guidelines to ensure the safety of students and staff. For information on the safety procedures and protocols that are currently in effect at our school, please visit our school website.

SCHOOL MEDIA SITES

Please visit our school website and Facebook page (Lac la Hache Elementary) for on-going updates, additional information about our school as well as staff contact information. On our website, you will also find a number of educational

resources that can be accessed from home. Visit our Lac La Hache Elementary website at: <https://llhschool.wordpress.com/>

SCHOOL GARDEN

Our school garden is coming along very nicely and will be on an automatic timer for the summer. If you are able to stop by, please help yourself to some vegetables and pull a few weeds!

RECIPE CHALLENGE

We have had a number of families submit recipes for our recipe challenge. Thank you! This idea for this challenge was

sparked during COVID-19 as we noticed families cooking together more and taking and enjoying good food. We have decided to extend this challenge into the fall to allow even more favourite recipes to be submitted. In the fall, we will be creating our COVID-19 cookbook that will be a collection of favourite staff and family recipes from Lac La Hache Elementary School. This cookbook will be sold as a fundraiser to support ongoing initiatives and activities at our school. Over the summer, please e-mail any recipes that you would like to be included to nicole.jackson@sd27.bc.ca
