To Whom it May Concern;

The Board of Education would like to extend its sincere gratitude and appreciation for the \$5000 grant from the *Williams Lake Community Granting Program* to the School District No. 27 Junior Fire Crew Program.

The Jr. Fire Crew Program provides an exciting and challenging opportunity for grade 12 students. It offers comprehensive training in forest firefighting techniques intended to give career training and future employment opportunities.

The support of generous donors such as yourself is instrumental to the success of this program. The Board thanks you for your generosity.

Sincerely,

Ciel Patenaude
Board Chair
